

# The Glasses

EPro8

Hi,

We are the Glasses. Our team is made out of Thomas, Henry, Oscar and Ben. We came up with our name because one member of our team was wearing glasses when we were choosing our name. In the heats, we did Uncle Alberts bed. For the semifinals, it was hard to choose but we chose the electronic drum kit. Our biggest achievement was making it to the finals. We all never thought we would make it this far. We are actually the first team to make it to the finals in our school. The thing we are looking forward to the most about the finals is being able to do the whole 2 ½ hours of EPro8 again. Our team has really enjoyed the experience and have had tonnes of fun.
